FOREWORD

This report presents data on Department of Defense prime contract actions over \$10,000 for research, development, test, and evaluation (RDT&E) work awarded to educational and nonprofit institutions during fiscal year 1980. The report has data for the Civil Functions of the Army Corps of Engineers incorporated into all tables displayed for fiscal year 1980. Fiscal year 1979 totals shown in this report and tables in previous editions of the publication present statistics on military prime contract awards only.

There are three sections to this report which list contractors alphabetically by type of institution. The first section lists educational and other nonprofit institutions in the United States; the second lists U.S. government agencies; and the third section lists foreign institutions and government agencies.

The locations shown are those where the work was expected to be performed. Generally, the location is an institution's laboratory or other facility. However, if the work was scheduled to be performed at a defense activity, such as an Air Force Base, the location is the defense activity rather than the institution's facility. The dollar amounts shown include only prime contract awards over \$10,000 for RDT&E work. They exclude any other services, such as training services, or any supplies furnished by these contractors.

The following table presents the number of institutions and the amount of RDT&E awards by type of institution for fiscal years 1979 and 1980.

TYPE OF INSTITUTION*	FISCAL YEAR			
	1979		1980	
	NUMBER	AMOUNT	NUMBER	AMOUNT

FOREIGN INSTITUTIONS AND GOVERNMENT AGENCIES	<u>17</u>	<u>5</u>	<u>44</u>	<u>9</u>

R/ Revised

* Amounts in millions.

In fiscal year 1980, educational and nonprofit institutions received DoD prime contract awards over \$10,000 for RDT&E totaling \$1,172 million compared to \$999 million in fiscal year 1979. This represents an increase of \$173 million or 17 percent. Awards to U.S. government agencies showed the largest relative gain of all institutions, increasing from \$12 million in 1979 to \$27 million in 1980, an increase of 125 percent. Awards to foreign institutions, which showed the second largest percentage gain, increased by \$4 million or 80 percent. Inclusion of fiscal year 1980 data for the Civil Functions does not alter the distribution of RDT&E awards shown for educational and nonprofit institutions in fiscal year 1979. Fiscal year 1980 awards to organizations which were not educational or other nonprofit institutions accounted for \$12 million or 92 percent of the \$13 million in Civil Functions RDT&E.
